ECONOMIC IMPACT STATEMENT

K.A.R. 115-2-3. Camping, utility, and other fees.

DESCRIPTION: This regulation establishes the overnight and annual camping permit prices, fees for utility connections, and related fees within state parks. This is a user fee regulation and the proposed amendments would decrease the cost of monthly short-term parking from \$125 to \$50.

FEDERAL MANDATE: None.

ECONOMIC IMPACT: The changes are anticipated to have no effect on the park fee fund. A fee was set in regulation many years ago but never implemented. On a limited trial basis, the Department is going to try to implement a program and the current fee rate is felt to be too high. Otherwise, the proposed amendments are not anticipated to have any appreciable economic impact on the department, small businesses, other agencies, or the public.

ALTERNATIVES CONSIDERED: None.

115-4-11. Big game and wild turkey permit applications. (a) General application provisions.

(1) Unless otherwise authorized by law or regulation, an individual shall not apply for or obtain more than one antlered or horned big game or wild turkey permit for each big game species or wild turkey, except when the individual is unsuccessful in a limited quota drawing and alternative permits for the species are available at the time of subsequent application or when the individual is the final recipient of a commission permit.

(2) Unless otherwise authorized by law or regulation, each big game or wild turkey permit application shall be signed by the individual applying for the permit.

(3) Subject to any priority draw system established by this regulation, if the number of permit applications of a specific species and type received by the designated application deadline exceeds the number of available permits of that species and type, a random drawing to issue permits of that species and type shall be conducted by the secretary.

(4) A hunt-on-your-own-land permit shall not be tabulated in a priority draw system if the permit would otherwise reduce the applicant's odds of receiving a big game permit through that draw system.

(b) Deer permit applications.

(1) Subject to any priority draw system established by this subsection, in awarding deer permits in units having a limited number of permits, the first priority shall be given to those applicants who did not receive, in the previous year, a deer permit that allowed the taking of an antlered deer. All other deer permit applicants shall be given equal priority.

(2) In awarding a limited number of deer permits by a priority draw system, the first priority shall be given to those individuals who have earned the highest number of preference points. Preference

points shall be awarded as follows:

(A) One point shall be awarded to an individual for each year the individual is unsuccessful in obtaining, by a priority draw system, a deer permit that allows the taking of an antlered deer.

(B) If the individual fails to make at least one application or purchase one preference point within a period of five consecutive years, all earned points shall be lost.

(C) If an applicant obtains, by a priority draw system, a deer permit that allows the taking of an antlered deer, all earned points shall be lost.

(D) If the number of applicants with the most preference points exceeds the number of permits for specified units or permit types, then a drawing shall be held to determine the successful applicants.

(E) If an individual desires to apply for a preference point for a deer permit that allows the taking of antlered deer and not receive a permit, the person may apply for and receive a preference point by paying the proper application or preference point fee and ~~making~~ submitting an application during the application period specified in K.A.R. 115-25-9. No individual may apply for more than one preference point in the same calendar year, and no individual shall apply for a preference point in the same calendar year as the calendar year in which the individual is applying for a permit.

(3) If an individual is a final recipient of a commission deer permit, the individual shall not possess more than one regular antlered deer permit and one commission deer permit.

(4) Applications for nonresident limited-quota antlered deer permits shall be accepted in the Pratt office from the earliest date that applications are available through the last Friday of April each year. Any nonresident applicant may select, at the time of application, one deer management unit and up to one adjacent management unit where that permit shall be valid.

(5) Applications for resident firearms either-species, either-sex permits shall be accepted at designated locations from the earliest date that applications are available through the second Friday of July.

(6) Applications for resident any-season white-tailed either-sex deer permits, resident archery deer permits, resident muzzleloader either-species either-sex permits, and hunt-on-your-own-land deer permits shall be accepted at designated locations from the earliest date that applications are available through December 30.

(7) Each resident applicant for either-species, either-sex muzzleloader or firearm deer permits shall select, at the time of application, the unit where the permit shall be valid. The west unit permit shall be valid in units 1, 2, 17, and 18. The east unit permit shall be valid in units 3, 4, 5, 7, and 16.

(8) Applications for antlerless white-tailed deer permits shall be accepted at designated locations from the earliest date that applications are available through January 30 of the following year.

(c) Firearm antelope permit applications. In awarding firearm antelope permits, the first priority shall be given to those individuals who have earned the highest number of preference points. Preference points shall be awarded as follows:

(1) One point shall be awarded to an individual for each year the individual is unsuccessful in obtaining a firearm antelope permit.

(2) If the individual fails to make at least one application or purchase one preference point within a period of five consecutive years, all earned points shall be lost.

(3) If an applicant obtains a firearm permit by a priority draw system, all earned points shall be lost.

(4) If the number of applicants with the most preference points exceeds the number of permits for specified units or permit types, then a drawing shall be held to determine the successful applicants.

(5) If an individual desires to apply for a preference point for an antelope firearms permit that allows the taking of an antelope and not receive a permit, the person may apply for and receive a preference point by paying the preference point fee and ~~making~~ submitting an application during the application period specified in K.A.R. 115-25-7. No individual may apply for more than one preference point in the same calendar year, and no individual shall apply for a preference point in the same calendar year as the calendar year in which the individual is applying for a permit.

(6) Applications for resident firearm and muzzleloader permits shall be accepted in the Pratt office from the earliest date that applications are available through the second Friday of June.

(7) Applications for resident and nonresident archery permits shall be accepted at designated locations from the earliest date that applications are available through October 30.

(8) If there are any unfilled permits after all timely applications have been considered, the application period may be extended by the secretary.

(9) Any applicant unsuccessful in obtaining a permit through a drawing may apply for any permit made available during an extended application period, or any other permit that is available on an unlimited basis.

(d) Elk permit applications.

(1) An individual receiving a limited-quota elk permit shall not be eligible to apply for or receive an elk permit in subsequent seasons, with the following exceptions:

(A) An individual receiving an any-elk or a bull-only elk permit may apply for and receive an

antlerless-only elk permit in subsequent seasons.

(B) An individual receiving a limited-quota, antlerless-only elk hunting permit shall not be eligible to apply for or receive a limited-quota, antlerless-only elk permit for a five-year period thereafter. Subject to this subsection, however, this individual may apply for and receive an any-elk or bull-only elk permit without a waiting period.

(C) When a limited number of elk permits are awarded by a random draw system, each individual shall have an additional opportunity of drawing for each bonus point earned by the individual in addition to the current application. Bonus points shall be awarded as follows:

(i) One bonus point shall be awarded to an individual for each year the individual is unsuccessful in obtaining, by a random draw system, an elk permit that allows the taking of an elk.

(ii) If an individual fails to make at least one application or purchase one bonus point within a period of five consecutive years, all earned bonus points shall be lost.

(iii) If an applicant obtains, by a random draw system, an elk permit that allows the taking of an elk, all earned points shall be lost.

(iv) If an individual desires to apply for a bonus point for an elk permit that allows the taking of elk and not receive a permit, the person may apply for and receive a bonus point by paying the proper application or bonus point fee and ~~making~~ submitting an application during the application period specified in K.A.R. 115-25-8. No individual may apply for more than one bonus point in the same calendar year, and no individual shall apply for a bonus point in the same calendar year as the calendar year in which the individual is applying for a permit.

(D) Each individual who is the final recipient of a commission elk permit shall be eligible for a

limited-quota elk permit, subject to the provisions of this subsection.

(E) Limited-quota antlerless-only elk permits and limited-quota either-sex elk permits shall be awarded from a pool of applicants who are Fort Riley military personnel and applicants who are not Fort Riley military personnel.

(2) Applications for hunt-on-your-own-land and unlimited over-the-counter elk permits shall be accepted at designated locations from the earliest date that applications are available through March 14 of the following year.

(3) Applications for limited-quota antlerless-only elk permits and limited-quota either-sex elk permits shall be accepted at designated locations from the earliest date that applications are available through the second Friday in July.

(4) If there are leftover limited-quota antlerless-only elk permits or limited-quota either-sex permits after all timely applications have been considered, the application periods for those permits may be reopened by the secretary. Leftover permits shall be drawn and issued on a daily basis for those application periods reopened by the secretary. Any applicant unsuccessful in obtaining a permit through a drawing may apply for any leftover permit or any other permit that is available on an unlimited basis.

(5) Any individual may apply for or obtain no more than one permit that allows the taking of an elk, unless the individual is unsuccessful in a limited-quota drawing and alternative permits for elk are available at the time of subsequent application or the individual obtains a commission permit pursuant to this subsection.

(e) Wild turkey permit applications.

(1) When awarding wild turkey permits in units having a limited number of permits, the first

priority shall be given to those individuals who did not receive a permit in a limited wild turkey unit during the previous year. All other applicants shall be given equal priority.

(2) In awarding a limited number of wild turkey permits by a priority draw system, the first priority shall be given to those individuals who have earned the highest number of preference points. Preference points shall be awarded as follows:

(A) One point shall be awarded to an individual for each year the individual is unsuccessful in obtaining, by a priority draw system, a wild turkey permit.

(B) If the individual fails to make at least one application or purchase one preference point within a period of five consecutive years, all earned points shall be lost.

(C) If an applicant obtains, by a priority draw system, a wild turkey permit, all earned points shall be lost.

(D) If the number of applicants with the most preference points exceeds the number of permits for specified units or permit types, then a drawing shall be held to determine the successful applicants.

(E) If an individual desires to apply for a preference point for a wild turkey permit and not receive a permit, the person may apply for and receive a preference point by paying the preference point fee and ~~making~~ submitting an application during the application period specified in K.A.R. 115-25-6. No individual may apply for more than one preference point in the same calendar year, and no individual shall apply for a preference point in the same calendar year as the calendar year in which the individual is applying for a permit.

(3) Fall wild turkey permits for unit 1, unit 2, unit 3, unit 5, and unit 6, youth turkey permits, and game tags for unit 2, unit 3, unit 5, and unit 6 may be purchased over the counter at designated

locations, from the earliest date in the year that applications are available through 5:00 p.m. on January 30 of the following year.

(4) Applications for spring wild turkey permits in unit 4 shall be accepted by the department from the earliest date that applications are available until midnight on the second Friday of February. If there are turkey permits left over after all timely applications have been considered, the application period may be reopened by the secretary. Leftover turkey permits shall be issued on a daily competitive basis until the day before the last day of the turkey season or until all turkey permits are issued.

(5) Spring wild turkey permits in unit 1, unit 2, unit 3, unit 5, and unit 6, youth turkey permits, and ~~second-turkey~~ game tags in unit 1, unit 2, and unit 3, unit 5, and unit 6 may be purchased over the counter at designated locations from the earliest date that applications are available until midnight on the day before the closing date for the season. ALTERNATIVES CONSIDERED: None.

ECONOMIC IMPACT STATEMENT

K.A.R. 115-25-7. Antelope; open season, bag limit, and permits.

DESCRIPTION: This proposed exempt regulation establishes hunting unit boundaries, bag limit, application periods and season dates for the 2013 firearm, muzzleloader, and archery antelope seasons. The hunting units include all of the area included during the 2013 season. An unlimited number of archery permits are authorized, however, recent trends indicate that about 250 people may apply for these permits for residents. 4 nonresident archery permits were issued in 2012 and it is anticipated that a like number will be issued in 2013.

The proposed unit boundaries for the 2013 firearm hunting season are the same as the 2012 unit boundaries. A total of 142 firearms permits are proposed in three management units as follows: Unit 2-96 permits, Unit 17-36 permits, and Unit 18-10 permits, a decrease of 8 permits from the previous season. In addition, 42 muzzleloader permits are proposed in three management units as follows: Unit 2-24 permits, Unit 17-10 permits, and Unit 18-8 permits, a decrease of 4 permits from the previous season.

FEDERAL MANDATE: None.

ECONOMIC IMPACT: It is anticipated that 424 antelope hunting permits will be authorized. Estimated revenue if all permits are issued would be approximately \$13,400. That amount represents equal participation in the antelope season by landowner/tenants and general residents, as well as nonresident participation. Approximately 1150 people will apply for an antelope permit or preference point. A \$5 nonrefundable application fee from all applicants will generate an additional \$5,575. Other administrative costs associated with the season are borne by the Department.

Approximately 2120 days of hunting activity will occur. The national survey of fishing, hunting, and wildlife associated recreation conducted by the U.S. Fish and Wildlife Service estimated that an average big game hunter spent more than \$1100 per season, thus the antelope season may generate \$466,400 in direct economic benefits to businesses providing goods and services. There will be no other economic impact on the general public, small businesses or on other state agencies.

ALTERNATIVES CONSIDERED: None.

115-25-8. Elk; open season, bag limit, and permits. (a) The unit designations in this regulation shall have the meanings specified in K.A.R. 115-4-6b, except that the area of Fort Riley, subunit 2a, shall not be included as part of Republican-Tuttle, unit 2.

(b) The open seasons for the taking of elk shall be as follows:

(1) The archery season dates and units shall be as follows:

(A) Statewide, except Fort Riley, subunit 2a, and unit 1: September 16, 2013 through December 31, 2013.

(B) Fort Riley, subunit 2a: September 1, 2013 through September 30, 2013.

(2) The firearm season dates and units shall be as follows:

(A) Statewide, except Fort Riley, subunit 2a, and unit 1: December 4, 2013 through December 15, 2013 and January 1, 2014 through March 15, 2014.

(B) Fort Riley, subunit 2a:

(i) First segment: October 1, 2013 through October 31, 2013.

(ii) Second segment: November 1, 2013 through November 30, 2013.

(iii) Third segment: December 1, 2013 through December 31, 2013.

(3) The muzzleloader season dates and units shall be as follows:

(A) Statewide, except Fort Riley, subunit 2a, and unit 1: September 1, 2013 through September 30, 2013.

(B) Fort Riley, subunit 2a: September 1, 2013 through September 30, 2013.

(c) A limited-quota either-sex elk permit shall be valid during any season using equipment authorized for that season. Ten either-sex elk permits shall be authorized.

(d) A limited-quota antlerless-only elk permit shall be valid during any season using equipment authorized for that season, except that a limited-quota antlerless-only elk permit shall be valid on Fort Riley, subunit 2a, only as follows:

(1) A first-segment antlerless-only elk permit shall be valid on Fort Riley, subunit 2a, only during the first segment. Five first-segment antlerless-only elk permits shall be authorized.

(3) A third-segment antlerless-only elk permit shall be valid on Fort Riley, subunit 2a, only during the third segment. Five third-segment antlerless-only elk permits shall be authorized.

(e) The bag limit shall be one elk as specified on the permit issued to the permittee.

(f) An unlimited number of hunt-on-your-own-land antlerless-only elk permits and either-sex elk permits shall be authorized in units 2 and 3. A hunt-on-your-own-land permit shall be valid during any open season. The bag limit for each hunt-on-your-own-land elk permit shall be one elk as specified on the permit.

(g) An unlimited number of over-the-counter antlerless-only elk permits and either-sex elk permits shall be authorized in unit 3.

(h) Each permit holder shall, upon harvest of an elk, contact designated department staff within two calendar days to arrange for collection of biological data and tissue samples.

(i) This regulation shall have no force and effect on and after April 1, 2014. (Authorized by and implementing K.S.A. 2012 Supp. 32-807 and K.S.A. 2012 Supp. 32-937.)

ECONOMIC IMPACT STATEMENT

K.A.R. 115-25-8. Elk; open season, bag limit and permits.

DESCRIPTION: This proposed exempt regulation establishes hunting unit boundaries, bag limit, application periods and season dates for the 2013-2014 muzzleloader, archery, and firearm seasons for elk. The units allow for statewide use for limited-quota permits, except in a portion of Morton County. Limited-quota elk and unlimited hunt-on-your-own-land (HOYOL) hunters would be allowed to hunt during any open season with the equipment that was allowed during that season. Unlimited general either-sex and antlerless-only permits would allow the use of the permits in all units but would exclude two units. Unlimited HOYOL either-sex and antlerless-only permits would be allowed statewide, except a portion of Morton County, Unit 1. The proposed regulation would allow elk hunting from September 1, 2013 through March 15, 2013 statewide (outside Fort Riley, except Unit 1). Fifteen limited-quota antlerless permits would also be valid during a September muzzleloader and archery equipment season on Fort Riley, Subunit 2a. However, only five limited-quota antlerless-only elk permits at a time would be made available for use during each of three seasons on subunit 2a (Fort Riley) (October 1, 2013 through October 31, 2013; November 1, 2013 through November 30, 2013; and December 1, 2013 through December 31, 2013). Ten limited-quota either-sex elk permits would be valid from September 1, 2013 through December 31, 2013 on subunit 2a and from September 1, 2013 through March 15, 2014 in the remainder of the state, except Unit 1. Fort Riley military personnel would continue to control access to the military grounds for the purpose of elk hunting, and are expected to provide hunting access only during a portion of the available days during the open seasons. The seasons are intended to provide increased opportunity for those hunters drawing elk permits, and increased flexibility to address elk that may disperse off the Fort as well as those animals beginning to appear within other locations in the State. This represents no change from the total limited-quota permits for 2012.

FEDERAL MANDATE: None

ECONOMIC IMPACT: It is anticipated that 25 limited-quota elk permits will be issued. Based on 2012 numbers, it is estimated that at least another 20 HOYOL permits will be issued and as well as 25 unlimited general permits. In addition, it is estimated that 980 of people will apply for the drawing permits or bonus points and those individuals pay a \$5 nonrefundable application fee. The application fee generates \$4900. Estimated revenue if all permits are issued would be approximately \$8000. Administrative costs associated with the season are borne by the Department. Approximately 235 days of hunting activity may occur, thus providing \$51,700 economic benefit to businesses providing goods and services. To the extent the expanded unit, seasons, and permit numbers help prevent dispersal of elk onto private land, and therefore help prevent occurrence of damage from dispersed elk, there may be some positive economic impact to the general public. No other economic impact on the general public, small businesses, or on other state agencies is anticipated.
